Lost flesh lately? Does your brain tire? Losing control over your

nerves? Are your muscles becoming exhausted?

You certainly know the remedy. It is nothing new; just the same remedy that has been curing these cases of thinness and paleness for twenty-five years. Scott's Emulsion. The cod-liver oil in it is the food that makes the flesh, and the hypophosphites give tone to

the nerves. Soc. and \$c.os, all druggists. SCOTT & BOWNE, Chemists, New York.

## MUNYON'S

Cold Cure cures colors and obstinate lungs, old colds, new colds and obstinate all forms of grip. Stops eneering, discharges be the nose and eyes, prevents catarrh, diphthe the nose and eyes, prevents catarrh, diphthe and the color of the pneumonia, and all throat and ling trophies. These pleasant little pellets are absolutely harmless, have aved thousands of lives and prevented much sickness. The Munyon Remedy Company prepare a separate cure for each disease. ## THIRD ORDERED TO MOVE

REGIMENT WILL LEAVE FOR ST. LOUIS TO-MORROW NIGHT.

Receipt of the Order Caused Great Rejoicing Among the Soldiers-Line of March to Denot-An Imposing Civil Escort.

Adjutant General.

Colonel Gross could hardly restrain his emotions when he had finished reading the telegram, and he at once communicated the glad tidings to the officers at the armory that at last the regiment was on definite ground. It was a glad and glorious afternoon for the soldier boys of the Third, 'in spite of the dispiriting weather, when the good news was read to them. They danced about the floor of the armory. They hugged each other. They cheered their company commanders and then they massed themselves in a solid phalanx in the center of the floor, when one overjoyed private asked:

"What's the matter with Colonel Gross?"

"He's all right," they shouted at the top of their voices.

"Who's all right," they colonel so it was a sit was with the colonel so it was

"Who's all right?"
"Colonel Gross."
And as it was with the colonel so it was with the majors and all other men in authority in the regiment, and all were pronounced "all right." It would be hard to distinguish between the privates and their officers as to which were the most pleased at the news. The officers made no attempt to disguise their pleasure. The privates, when they were tired of cheering, formd into groups in various corners of the armory and sang the good old songs of patriotism that will many times be heard in the tents of the white city in which they are so soon to live, for how long no one yet knows.

patriotism that will many times be heard in the tents of the white city in which they are so soon to live, for how long no one yet knows.

"I am delighted that we now know when we are to move," said Colonel Gross. "The telegram from General Bell greatly relieves me, and I am sure that every man of the regiment is equally relieved and delighted. The strain of uncertainty was especially hard for them, and they deserve a great deal of credit for the manner in which they have discharged their duties in spite of the fact that they have been very much cast down and discouraged during the past few days."

The regiment will leave the Union depot at 7:30 o'clock to-morrow night in four divisions, and will be transported to St. Louis over the Wabash, Missouri Pacific, Burlington and Chicago & Alton railroads. Colonel Gross, his staff and the band will go over the Wabash road. Orders issued late yesterday afternoon are for the regiment to meet at the armory not later than 5:30 o'clock to-morrow afternoon. Formation of the regiment for the march to the depot will be on Thirteenth street, near the junction of Troost avenue. The march will proceed through Thirteenth street to Grand avenue, and north on Grand avenue to The Journal office, where the column will countermarch to Eleventh street, thence to Main street and north to Fifth street and west on Fifth street to the depot. During the progress of the march on Grand avenue the regiment will be presented with a battleflag in front of the Star office.

The Deadlock Is Broken by His Se lection as Lieutenant Colonel of the Third.

The second round in the contest for the Third regiment was fought last night in the officers' headquarters in the armory. Every line officer was present and took part in the balloting. In the beginning it looked as if the deadlock which ended the first attempt to elect a lieutenant colonel Wednesday night was to be continued but the withdrawal of Major Kelsey from the centest left the field to Captain C. E. Wagar, who on the previous night had lacked but one vote of being elected, and on the final ballot last night he was unanimously elected to fill the vacancy made by the resignation of Lieutenant Colonel Winants. Two other schools had planned Robidoux. Two other schools had planned to take part in the exercises, but the rainy weather kept them away. The 200 children from the Webster, however, did justice to the songs, "America" and the "Red, White and Blue," which they sang as the flag rose to the top of its staff, Veteran Company A was present and fired the salute and appropriate speeches were made by Chief Hale, Superintendent Greenwood and Professor Barnett.

Among the busiest men in Kansas City yesterday were Jere T. From the number of business men and others who have already signified their intention of joining in the parade it is expected that the Third will have an escort nearly equal to its own number of men.

Major Peed Organizes a Company. Warrensburg, Mo., May 5.—(Special.)

General Fred W. Averill returned home last evening from Sedalia, Mo.

Major H. A. Peed, editor of the Journal-Democrat, of this city, has recruited a company for service in the Spanish war, and since hostilities began has been busily engaged in drilling them. The company will be made Company L. of the Fourth regiment at St. Joseph. It is understood that the regiment will go into camp at St. Louis about the 9th inst. Major Peed is a veteran of the late war on the Union side.

the long and anxiously expected order for the Third regiment to move into camp was received by Colonel Gross yesterday afternoon at 2 o'clock. The order is official and the uncertainty which has demoralized the spirits of the men of the regiment is now at an end. The text of the telegram, for which not only the soldiers of the regiment, from the colonel to the humblest private, but every citizen of Kansas City, have waited through many delays and disappointments reads:

Colonel George P. Gross, Kansas City, Mo. Headquarters National Guards of Missouri, in the Field, Jeiferson Barracks, Mo.—The resignation of Lieutenant Colonel Winants, Third infantry, M. N. ## **GOVERNOR GETS EVEN**

HE REFUSES A CAPTAIN'S COMMIS-SION TO CHARLES F. O'BRIEN.

Report of the Examining Board o the Fifth Regiment Shows but Thirty-six Men Rejected for Physical Disability.

There was a great deal of indignation at the headquarters of the Fifth last night over the failure of the list of commissions issued to members of the regiment to include the name of Captain-elect Charles F. O'Brien. The impression prevailed that he had been turned down by Governor Stephens to gratify a personal dislike of a newspaper. The governor was quoted as saying that Captain O'Brien was obnoxious to a majority of his men. This expression of the governor was strongly resented and the undoubted company leaders and molders of opinion emphatically declared that the boys would forthwith proceed to show their contempt of executive judgment and authority by re-electing Captain O'Brien, thus giving the governor the opportunity to turn them down a second time if he would in case he did Stephens to gratify a personal dislike

Captain O'Brien, thus giving the governor the opportunity to turn them down a second time if he would. In case he did, they promised a third election of the same officer and that they would keep it up until the commander-in-chief of the state troops would be weary.

Captain O'Brien is the city editor of the Kansas City Times, a newspaper that has never concealed its dislike of Governor Stephens. About town the action of the governor in withholding the commission was generally regarded as a small-sized man's attempt to "get even" with a newspaper. There is no foundation for the claim that Mr. O'Brien is unpopular with the men of his company. He was elected without a dissenting vote.

The list of commissions issued yesterday by the governor for the Fifth regiment. M. N. G., with rank, from April 20, were: Thomas Alfred Till, first lieutenant, and Charles Shannon Sutton, second lieutenant, all of Company A. James Edward Payne, captain; James Calvin Lane, first lieutenant, all of Company C. William Geris Thompson, captain: Thomas Morris Cobb, first lieutenant, and Ezekial Palmer, second lieutenant, all of Company C. William Geris Thompson, captain: Thomas Morris Cobb, first lieutenant, and Ezekial Palmer, second lieutenant, all of Company D. Robert Orlande McLin, captain; Raiph Ingalis, second lieutenant, both of Company F. with rank from May 2, 1898. Claud L. Clark, captain; Otto G. W. Fleming, first lieutenant, and A. D. Elston, second lieutenant, all of Company A. First battalion, unattached, and with rank from May 4, 1898. Governor appointed H. H. Crittenden, of St. Louis, assistant inspector general, with rank of captain on his staff. Dr. Easton Burchard, chairman of the examining board appointed to pass upon the Pifts regiment M. N. G., has finished examining board, appointed to pass upon the physical condition of the recruits for the Fifth regiment, M. N. G., has finished the preparation of his report, which gives a complete record of results. It is from this report that the pay roll of the Fifth

when a recruit has been accepted and sworn ir.

The total number of enlisted men examined by the board up to date is 525, of which thirty-six were rejected. The average age of the men in this command is 28.7 years; average weight, 145.9 pounds; average height, 5 feet 7.2 inches; average chest measurement, 34.1 inches; average chest expansion, 3.1 inches.

The causes assigned for the rejection of the thirty-six men are as follows: Hernia, 2: defective vision, 13; heart disease, 4; audation (defective hearing), 1; loss of finger of right hand, 1; bad feet, 2; under age, 2; small chest expansion, 1; under weight, 2; over age,1; small chest expansion, 1; under weight, 2; varicose veins, 1; short stature, 1; not stated, 5. The precentage of rejection was 6.8.

An Ex-Policeman Heavyweight. Sergeant J. W. Yelton, late of the Kansas City police force, is the heavyweight of the regiment, tipping the scales at 226 pounds, but the heaviest normal weight is 185 pounds. The lightweight of the Fifth balances the beam at 111 pounds, but he iss pounds. The lightweight of the Fifth balances the beam at 111 pounds, but he is taken along as a nurse, the average lightweight being 125 pounds. The tallest man in the regiment measures six feet two and three-quarter inches in his stocking feet, and the shortest five feet one inch, the latter being enlisted as a nurse.

Twelve men of the Fifth were reported on the sick list yesterday, though all were able to be on duty, with the exception of L. D. Siegler, of Company B, who was attacked with a fever Wednesday, but who was much improved yesterday, and F. Lease, who sprained his knee turning a handspring. The latter was yesterday sent temporarily to the Sister's hospital, the regimental surgeon not being prepared to give him the treatment he required. In fact, this department was entirely without medical or surgical supplies until the Faxon, Horton & Gallagher Drug Company donated both. In all the cases of lilness reported yesterday it is believed the cause was the same, exposure by sleeping on the floor without covering, and the change of food and water. General Moore has ordered 150 mattresses, which will be \$11ed with excelsior. Yesterday when the cold rain was attended by a falling temperature the steam was turned on at the regimental and all the company headquarters.

too few, and the object was to equalize them. The extra men will be taken to St. Louis to fill out in case of emergency.

For three hours the five companies were held in line at headquarters. Every man had been ordered out, and there were very few absentees reported, the majority of them being on the sick list. Company D. Captain Tompson, alone showed up with its exact quota, eighty-four men, no more and no less. The others were pruned down or added to, and the complete rosters will be made up to-day. Each company was drawn up in two ranks, extending the full length of the hall, and there was not even standing room for outsiders.

When the final order of dismissal came, the weary men set about making up their "beds" at once. The mattresses which General Moore had ordered were piled up on the north side of the hall, but only forty-six of them had been filled, and there was a rush for these. Those who failed to secure one took a few of the empty ticks, which were spread above a layer of newspapers, and were considerably better than nothing. A few of the men had scraped together covering of some sort, and as the room was warm, the quarters were not at all uncomfortable, by comparison.

MUCH SICKNESS

Particularly throat and lung difficulties, wrongly attributed to other causes, is the result of unsanitary conditions of walls and ceilings. Think of having bedrooms covered with layers of molding flour paste to feed vermin, with paper to hide them and to absorb the moisture of respiration, and an animal glue culture ground on its face for disease germs; this having strong colors added, like a colored shirt, to hide the dirt, then think of "the nasty practice" of repeating this papering without removing the old, and a number of times, at that, as many do. Then think of a room coated with pure, porous, permanent Alabastine, which is retinted with but little trouble or expense, and is purifying and sweet-smelling and fills Particularly throat and lung difficulties purifying and sweet-smelling and fills

cracks. Wall paper free would be dear-er than Alabastine if cost of removing paper is considered.

SANITARY WALLS.

The Michigan state board of health had a paper published with their annual report, in which the use of paper and kalsomine on wails was strongly condemned and Alabastine recommended. And the state once published a book, entitled, "Shadows From the Walls of Death," with samples of arsenical wall paper, and placed it in all public libraries of the state.

IT IS EASY. It is easy for anyone to understand that Alabastine, the base of which is a

cement that when applied to any clean, solid surface goes through a process of setting and grows hard with age, should be durable, that is, not rub and scale off, but admit of recoating from time to time without having to wash and scrape off its old coats before renewing. It is equally plain that all kalsomines are the reverse of this, being manufactured from whiting, chalks, clays, etc., for a base, and being stuck on the wall with glue, which, when exposed to the air, moisture, etc., soon decays, and the rubbing and scaling then commences, leaving the wall in a terrible condition.

See that the Alabastine is in packages and properly labeled, taking nothing offered as "just as good" or "the same thing." Druggists and paint dealers sell it.

ALABASTINE IS WHAT?

Alabastine is a durable and natural coating for walls and ceilings, entirely different from all kalsomine preparations, made ready for use in white or twelve beautiful tints by the simple addition of water(latest make being adapted to mix with cold water), but up in dry powder form, in 5 pound packages, with full directions on every package. TO DEALERS.

Do not buy a law suit or an injunction with cheap kalsomines, imitations of Alabastine. Dealers assume the risk of a suit for damages by selling an infringement. Alabastine Company own the right, covered by letters patent to make and sell wall coating adapted to be mixed with cold water. Alabastine Co., Grand Rapids, Mich.
